

Microsoft FastTrack

Are you getting the most out of your Microsoft 365 environment?

Microsoft 365 Solutions were created to provide a seamless and efficient user experience. As a Microsoft FastTrack partner, Span helps you successfully deploy and drive adoption of Microsoft 365 solutions such as Office 365 and Enterprise Mobility + Security (EMS).

Microsoft FastTrack is a funded service for eligible customers. Program helps you deploy Microsoft cloud solutions and drive user adoption. Utilize Span expertise with onboarding assistance, engineering expertise and end-to-end guidance based on proven methodologies for successful cloud implementations.

WHY YOU SHOULD PARTICIPATE

Given the volume and complexity of the Microsoft 365 environment, it's essential to learn how your organization is right now, and how to adopt cloud solutions moving forward.

WHO IS ELIGIBLE?

Companies with a minimum of 150 fully paid licenses in a qualifying Microsoft 365 or Office 365 subscription, we can help you unlock the full productivity potential of Microsoft 365 at no additional cost.

ELIGIBLE ACTIVITIES:

- > Planning
- > Onboarding and end-user adoption
- > Collaboration and training
- > Business objectives and addressing pain points

PROCESS OVERVIEW

- > Understand where you currently are in the O365 journey and what your goals are

- > Assess your current environment and highlight gaps which could be enhanced as part of the FastTrack Journey

- > Build a remediation plan, which will support you on Microsoft 365 adoption

- > Remote assistance and guidance for easier deployment
